

# 10 Reasons to Choose Joy Organics

As word spreads about the benefits of hemp CBD oil, companies race to bring new products to market. On the one hand, consumers enjoy more choice. In recent years, public awareness of CBD oil — and the miraculous benefits that some people have reported — has skyrocketed. But on the other hand, regulatory bodies like the FDA have struggled to keep up. How do you separate the empty promises from the real deal?

## 1. ZERO THC

According to a study by the University of Pennsylvania, **nearly 70 percent of CBD extracts sold online** are mislabeled.<sup>1</sup> Joy Organics products contain **zero THC** — meaning you enjoy all of the incredible benefits of CBD with none of the psychoactive side effects of marijuana.

## 2. INDUSTRY-LEADING ABSORPTION

Our water-soluble softgels are 4x more absorbable than a standard tincture oil. What does that mean? You'd have to take 4x more of our competitor's oil-based product in order to enjoy the same fast and efficient absorption provided by our water-soluble softgels. Relief comes faster, and you see results with smaller dosages.

## 3. CONSISTENCY

All our hemp oil comes from the exact same extraction process in the same facility, which creates consistency. This ensures that you receive a product that's reliable, predictable and effective.

## 4. PHARMACEUTICAL GRADE

Our products are considered pharmaceutical grade because they are manufactured in a facility that's GMP certified by the FDA. We offer CBD products with the highest purity — with no binders, fillers, excipients, dyes or unknown substances.

## 5. FULL SPECTRUM

CBD quality is about more than just purity and labeling. Our products contain all of the cannabinoids present in the hemp plant. Feel more than just the benefits of CBD isolate; instead, you get the synergistic impact — or entourage effect — of all cannabinoids working together.

## 6. EVERY BATCH IS TESTED

Our standards are rigorous and thorough. We test every single batch of our hemp oil to ensure that the products you receive are the highest quality available, without any metals, pesticides or THC.

# 10 Reasons to Choose Joy Organics

## 7. WORLD-CLASS CUSTOMER SUPPORT

With so many companies and products appearing seemingly overnight, the customer support experience sometimes suffers. That's not the case with Joy Organics. We're here for you to make sure your questions get answered. We provide world-class customer support.

## 8. FAMILY OWNED & OPERATED

At Joy Organics, quality is a family affair: Our company is owned & managed by Joy's family. That means we stand behind our products and our reputation with something more than professional pride — this company is truly a labor of love, and it shows in every moment of your shopping experience.

## 9. PROUDLY MADE IN THE U.S.A.

We hold ourselves to rigorous farming standards, and we oversee every step of the production process. It's not necessarily cheaper or easier, but it's what's right. This allows us to ensure that the product we're offering is both high-quality and responsibly made. All our organically grown hemp products are proudly manufactured in the U.S.A.

## 10. WE SUPPORT OUR VETERANS

All three of Joy's brothers served in the military. That's why it's so important for us to offer superb service and special discounts to our men and women in uniform. We appreciate your service, and we strive to help in any way we can.
